Heather’s Highlights

Dear Readers,

September 2020 is already proving more challenging than any fall the NQCC has ever experienced. That being said, it is important that the NQCC and our dedicated partners continue to find innovative ways to support and serve the North Quabbin Region. We plan to relaunch our monthly forums this month and will use September’s to look comprehensively at the state of our region right now. This will be your opportunity to share how your organization is operating these days, how and to whom referrals can be made, as well as what we can all do to network for North Quabbin.

Please join us on September 18 at 9:00 am via Zoom! Please bring your own coffee, and we hope to be together in person soon!

Participate in a Family Caregiver Research Survey

Are you a family caregiver of a person who has resided in (and/or is still residing in) a long term care facility (nursing home, rest home or assisted living) during the past 4 months? Nurse researchers at the University of Massachusetts, Amherst, are interested in approaches to care that support family caregivers during the Coronavirus (COVID-19) Pandemic. They are conducting a survey on your experience.

In this research study, you will be asked to complete an online survey and answer questions related to your experience as a family caregiver of a person who resided in or currently resides in a long term care facility over the past four months. The online survey should take as little as 10 minutes, and no more than 20 minutes to complete. Your participation may influence new approaches that support family and caregiver relationships. Your answers will be confidential.

If you have any questions, please feel free to contact the Principal Investigator, Dr. Raeann LeBlanc, by phone at 978-808-4994, or via email at rgleblan@umass.edu. If you are interested in participating, visit https://umassamherst.co1.qualtrics.com/jfe/form/SV_9zrW7qRxcieWGIR?fbclid=IwAR2w22Npt4l4nU0C-mnp4YRYPKh32l3uH_QoEwWtVhDef_PxpwziaT3H7Yh8.

The Concordium: Intergenerational Companionship During the Pandemic

LifePath is partnering with The Concordium to provide a new intergenerational phone companionship program. It is open to any older person in the community.

The Concordium is a Harvard-based social impact venture that matches Harvard undergrads with elders from Massachusetts, based on shared interests. In this manner, they can engage in friendly and interesting conversations via phone once a week. Due to COVID-19, students and elders alike are feeling especially isolated and can benefit from additional social support.

If you’re an elder who is interested in talking to a college student on a regular basis about shared interests, please call 617-797-0090 or email concordiumteam@gmail.com. They can’t wait to meet you!

Seeds of Solidarity: Get your Garlic On!

Sadly, The North Quabbin Garlic and Arts Festival cannot happen this year, given COVID-19 and related, important guidelines. But, the ever-resourceful festival committee is stepping up their outreach to connect you to farm and art exhibitors; preparing a compilation of virtual educational offerings to promote creativity and resilience; and has already made donations to support local causes that propagate community building, justice, and regional vitality. Updates on these will be posted soon. Visit garlicandarts.org and stay tuned to the festival Facebook page at https://www.facebook.com/NorthQuabbinGarlicAndArtsFestival.

New ways to get your Seeds of Solidarity garlic for planting and eating:
Starting September 12 and for five consecutive Saturday afternoons, Seeds of Solidarity will have Garlic Saturdays at their farm, 165 Chestnut Hill Road, Orange MA. Come by their expanded farmstand between 12:00 and 5:00 pm on September 12, 19, 26, Oct 3, or 10 for great selections of growing and culinary garlic and braids, as well as short planting talks by farmer Ricky at 1:00 and 3:00 pm. There will be a different pop-up guest artist each Saturday too (schedule to come soon)!

In order to accommodate people safely, these are not a hang-out kind of events, but a short visit to fill your garlic needs and say hello. They’ll provide ideas of other beautiful and delicious things you can do while in the neighborhood. Or, if you prefer, their selection of seed planting and culinary garlic will be available in their self-serve farmstand starting September 12 and open daylight hours, so you can stop by and stock up privately and at your leisure as well as pick some up for your friends and family (cash and check only). They are located at 165 Chestnut Hill Road, Orange, MA. Sorry, no mail order available. Garlic has some anti-viral properties as well as being delicious, but masks and distancing are absolutely required on their site as per state law and for the collective good.
